

REACH Product Information Sheet

Concerning the Product (**trade name**): **Arkon* M-115**

This product is a: **Substance as per art 3(1)**

1. Pre-registration information:

This product is in compliance with REACH. We will continue to market it after December 1, 2008.

2. Registration information:

The REACH registration strategy for the substances contained in this product is under development.

3. Envisaged registration deadline for the substances which are decisive for the product properties:

Too early to decide.

4. Substances of Very High Concern (SVHC) :

REACH is laying down specific communication and notification requirement for products containing >0.1% (w/w) of substances on the Candidate List in articles 7.2, 31.1(c) and 31.3(b) and in article 33 of the REACH legislation. The Candidate List of substance of very high concern (SVHC) established in accordance with article 59(1) of substances potentially subject to the authorization procedure has been published for the first time at the ECHA website on October 28, 2008.

To fulfill the REACH communication requirements, the Safety Data Sheets for products containing >0.1% (w/w) of a substance on the Candidate List will be updated without delay. Arakawa Europe will proactively provide such updated Safety Data Sheets to all recorded customers within the Community (EU & EEA) currently purchasing concerned products. Any updates in the Candidate List will be handled in the same way. Arakawa Europe urges downstream users to ensure compliance with the requirements for communication and notification given in above listed articles of the REACH legislation.
